**Etapa I.**

**Biletul nr. 1**

**50 p.**

Read aloud and then answer the questions:

The Earth.

The Earth is the third planet from the Sun. It has got only one natural satellite (the Moon). It takes the Moon 4 weeks to move around the Earth, while the Earth orbits around the Sun once a year.

A large part of our planet is water: lakes, seas and oceans. They are the reason why the Earth appears blue from outer space!

1. How many natural satellites has the Earth?
2. Why does the Earth appear blue from outer space?

**Etapa II.**

**Biletul nr. 1**

**25 p.**

You are A. Tell B about your best friend. Ask B questions about his/ her best friend. (age, what he/ she looks like, why he/ she is your best friend)

You are B. Answer A's questions about your best friend. Ask A about her/his brother/sister (age, what he/she looks like, why he/she is your best friend)
